

Citizenship Pathway

'a pathway to be proud of'

At Loseley Fields, we believe it is important to do things for others without reward.

Good citizenship helps us to:

-  Work with others
-  Solve problems
-  Make responsible choices
-  Be aware of the world around us
-  Have compassion and care for others

You will be given a footprint stamp to symbolise being a good citizen. Stamps are given for a variety of reasons. Some examples include:

-  **Fundraising events** i.e. raising money for a local charity
-  **Supporting community events** as a volunteer
-  **Community service** i.e. supporting a local elderly person
-  **Environmental protection** i.e. litter picking, plant a tree or start a recycling project

It is important to be safe so make sure that your parents and carers are supporting you with your citizenship pathway
